

SAFN Outreach Committee
June 2020 Outreach Message

Dear SAFN Friends,

Our Outreach Committee has been proactive in trying to make sure our members on the To Be Remembered (TBR) List are doing well during the pandemic. We have not heard any news about anyone who has suffered with COVID 19 but we have not been successful in reaching everyone. If you know of anyone who has been impacted by the virus, please reach out to them and let us know how they are doing. Currently, we have 65 members on the TBR List.

We have a wonderful new website! It looks a bit different, but you can log in on www.safn.org, click on the outreach icon and see who is on the list. If you do not have access to the internet or you need some help, please call me. I will help you to obtain the current list or the information you are seeking. We have added the phone numbers to the “To Be Remembered” list now, so you can go right to the site to get all the contact information you need.

I would ask all of you to go to the new website, log in and view your personal information and provide any new information you may have, especially a new address, new phone number or e-mail address. This is crucial for you to get all of the updated SAFN news and information, monthly memorial message and this message. Your friends will want to know how to contact you as well. If you don't have computer access or are unsure how to do this, e-mail or call me and I will help you.

If you know of anyone who would benefit from being on the TBR list, don't hesitate to let your Regional Outreach Coordinator know. They are as follows: NER – Donna Cunningham, ECR – Lynn Money, SER – Marsha Jordan, NCR – Shirley Black, RMR – Barbara Johnston, SCR – Sharon Zimpher, PAC – Sheila Fleege.

Here are the latest updates -

NER: [Bernie Kubica](#) is now in hospice care. She has been having some mobility problems and benefits from daily nursing care. She would love to hear from you.

ECR: Betty Wyatt continues with PT, OT and speech therapy at the rehab. She is doing well despite a slight fall (witnessed by two attendants) and would like to receive phone calls and cards. (629-888-5738)

Lois Wilson resides at the Tennessee State Veterans Home. The facility has been free of Covid 19 and everyone was tested, but her husband, Larry was unable to visit for two months which is the longest they have been apart, even when both were ADAF. She recognizes her husband and also her grandson, who is ADAF, when he visited in February and she is doing well. I know she would enjoy cards. If you use her home address, her husband will get them to her.

Marilyn Floro has been in assisted living since last fall. She is in good spirits and likes where she is living, including the food. She is within walking distance of where her son lives. She has memory issues but is doing well and would love hearing from you.

Joyce Williams and her husband moved to assisted living at Ft Belvoir and are very pleased with their arrangements. Here is her new address:

Joyce Williams
9110 Belvoir Woods Parkway # 124
Fort Belvoir, VA 22060

Bernice Jackson has been placed back on the TBR list. She resides at the Delaware Veterans Home and, while doing well, would like to hear from you!

SER: Doris (Woody) Woodward continues to have fluid buildup in her shoulder but is doing well.

SCR: There have been two address changes for members on the TBR list. They are as follows:

Crescentia Wellman
The Heights on Huebner
10127 Huebner
San Antonio, TX 78240

Crystal Epperson
10018 East 107th St
Owasso, OK 74055

PAC: Joan Iverson is doing well since her colostomy reversal and asked to be removed from the TBR list. We are very happy for her.

Gloria Skipper suffered a broken pelvis before Christmas and then while hospitalized, she fell and fractured her pelvis again as we reported before. She is doing better now, lives independently and has been able to obtain help with transportation and housekeeping. Drop her a line! She would like to hear from you!

Best,
Sally Glover
